**Some tips for parking and entering the building:**

- Community Place is a one-way street two blocks from the square in the center of town. It is just off of South St., which is the main street.
- Most street parking is metered, so please bring quarters. Some spots take credit cards. They do ticket so watch your time.
- Take the elevator or stairs to the 4th floor, our office suite.  
Note: the elevator is very slow.
- No need to check in, just take a seat in the shared waiting room and you'll be greeted at your appointment time.
- Allow extra time for your first visit, as the office is located in a busy section of town.
- Masks are required in the building and waiting room.
